"We are really looking forward to exhibiting at the Enterprise Show and working in partnership with Business Link Surrey. With one of our offices based in Surrey, we want to try and help educate budding Surrey entrepreneurs, business start up's and growing businesses about the importance of their telecoms. This is the first time that we have exhibited at a show. It will be great to meet businesses face to face to also discuss the non-geographic number and call plan solutions that we can provide them with".
