FOR IMMEDIATE RELEASE

## **WINDSOR TELECOM MAKES 0844 NUMBERS FREE**

Leading telecommunications company Windsor Telecom has scrapped the monthly service charge for its wide selection of 0844 phone numbers.

The move means that UK organisations can now get a memorable 0844 number for a small connection fee only that starts at just £75.

Companies that choose an 0844 number from Windsor Telecom will also receive up to 3 pence per minute from each of the calls they receive.

Neil Sherring, chief executive of the firm, said: "Our new pricing for 0844 numbers now means that people can choose from some of the best 0844 numbers available without a monthly commitment. What's more, they'll also receive up to 3p per minute for the calls they receive - making it one of the most attractive offerings on the market."

Thousands of UK organisations use 0844 numbers for their after sales and support lines as they can help fund additional costs such as staff salaries and technical support services.

Windsor Telecom has 2 offices - one in Poole, Dorset and one in Farnham, Surrey.

The company provides non-geographic telephone numbers and call management solutions to over 8,000 UK organisations, including Ebay, the RAC and the BBC. Each of the firm's clients are allocated a dedicated account manager to guarantee a consistent high-level of service at all times.
